Description:

A classroom-developed, student-tested system that increases pharmacology test scores...decreases and prevents medication errors in the clinical setting...improves NCLEX pharmacology scores...and expands understanding of pharmacological agents!

The 2nd Edition of these test-yourself review cards cover critical clinical information for nearly 400 of the top generic medications. And, you can count on them for accuracy, because each card is based on content from *Davis's Drug Guide for Nurses*[®].

"These cards not only give you the most important aspects of each med, but also provide you with nursing tips. These cards are great for new nursing students!" —Lauren Witkowsky, Student at Cape May Technical School
