Jacky LOOS et son épouse entourés de toute l'équipe d'Host Et Vinum

INTERVIEW of the day

FOR THE PAST 2 YEARS, THE HOST ET VINUM HOTEL COMPLEX HAS BEEN PROVIDING ITS CUSTOMERS LANDING AT PERPIGNAN-RIVESALTES AIRPORT WITH A 100% ELECTRIC VEHICLE TO TRAVEL FROM THE AIRPORT TO CANET EN ROUSSILLON AND TO EXPLORE OUR MAGNIFICENT REGION FOR THE DURATION OF THEIR STAY.

Interview with Jacky LOOS, proud owner and manager of Host et Vinum

Can you briefly describe the features of your establishment?

Host & Vinum is a tourist resort consisting of a 4* hotel, a gourmet restaurant, a spa and a seminar venue. Located in the heart of Canet en Roussillon, close to the beach and the port, it provides relaxation, well-being and tranquillity to our customers who enjoy its park with its centuries-old pines, its swimming pool, its cocktail bar and its cellar where they can taste wines from both the local area and beyond.

Where did you get the idea of providing your customers with a vehicle as soon as they arrive at the airport?

We were looking for an idea to immediately put our customers in the «Host & Vinum mindset» from the moment they set foot on our soil. This 100% electric vehicle service, which is environmentally

friendly, helps to strengthen our commitment to comfort, hospitality and friendliness, which are our defining characteristics. Allowing our guests to enjoy a vehicle for the duration of their stay, to recharge it for free in our car park and to explore our region is a benefit that has been appreciated for the last 2 years.

Where do your customers primarily come from?

From France, Belgium and the United Kingdom.

Would you like to see new services from Perpignan airport?

Having airlines companies connecting us to Lille and Strasbourg and connections to Germany, as we currently have with Frankfurt, the Netherlands, Switzerland and Italy, would undoubtedly enable us to increase our tourism activities.
